Objective

Aspiring AI/ML and Data professional with a strong foundation in Machine Learning, Deep Learning, Data Analysis, and basics of Generative AI. Interested in using data and programming to build practical, real-world solutions, and eager to learn, adapt, and contribute effectively in a collaborative environment.

Education

SRKR Engineering College

Aug 2023 – May 2026

B.Tech in Artificial Intelligence and Machine Learning

- CGPA: 8.72/10.0

Skills

Programming: Python, SQL, Java

Libraries: Scikit-learn, NumPy, Pandas, Matplotlib, Tensorflow, OpenCV, Mediapipe

Tools & Platforms: Git, Streamlit, Tableau, Visual Studio Code, Google Colab, Jupyter Notebook

Experience

IIDT Blackbucks

June 2024 – Aug 2024

ChatGPT/Generative AI

- Completed an 8-week internship at Blackbucks focused on Generative AI and machine learning fundamentals. Developed a Python-based movie recommendation system, providing personalized recommendations based on feature similarity.

Projects

Brain Tumor Classification

- Developed a Streamlit-based web application using deep learning-based model to classify brain tumor images using a medical imaging dataset, achieving accurate predictions and enabling automated detection to support early diagnosis.

Train With AI (AI-Driven Voice Enabled Personal Trainer)

- Developed an AI-Driven Voice Enabled Personal Trainer to provide real-time feedback on exercise form and technique, making personal training accessible to those unable to afford it.
- Provided voice assistance and visual cues to promote safe exercise practices. Collaborated in a 6-member team to ensure effective project delivery.

AI-Based Online Exam Proctoring System (Temporal Verification Approach)

- Developing an AI-based online exam proctoring system that monitors student behavior in real time and uses temporal verification to reduce false cheating alerts and ensure exam integrity.

Achievements

- **First Prize – Prajwalan 2K25** (Team Member)
Part of a winning team in a technical competition, applying innovative solutions and teamwork.
- **College-Level Qualifier – Smart India Hackathon 2024** (Team Member)

Certifications

- **Google AI-ML Virtual Internship** – EduSkills
- Introduction to **Data Science with Python** by HarvardX – edX
